PETITION UNDER 37 C.F.R. § 1.181
TO WITHDRAW HOLDING OF ABANDONMENT

MAIL STOP PCT

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

December 24, 2003

Dear Sir:

In response to the Notification of Abandonment mailed December 4, 2003(copy enclosed) and the Official Reply to Status Inquiry (received November 26, 2003) in connection with the above-identified application, Applicant hereby respectfully petitions under the provisions of 37 C.F.R. § 1.181 and M.P.E.P. § 711.03(c) for decision to withdraw the holding of abandonment.

The Official Reply to Status Inquiry indicates that this application was abandoned due to no record of a Reply to a Notification of Missing Requirements (Form PCT/DO/EO/905 mailed

February 28, 2002). Applicant believes, however, that the required Reply and fee were timely filed and received in the U.S. Patent and Trademark Office, but that they were not correlated with the application and that the application has been erroneously held abandoned.

A review of the file jacket for the present application, the firm docketing records, and the contents of the file for the present application reveals that the Reply to the Notification of Missing Requirements (Form PCT/DO/EO/905 mailed February 28, 2002) was due to be filed by Sunday, April 28, 2002, and therefore, the Reply was in fact submitted and received by the U.S. Patent and Trademark Office on Monday, April 29, 2002 as allowable under 37 C.F.R. § 1.7. A copy of this timely submitted Reply, the stamped postcard receipt, the front page of the attorney's file jacket, and docketing system records in connection with the subject application are enclosed as evidence (see **Exhibits I, II, V, and VI** respectively).

Applicant has reviewed the Reply to the Notification of Missing Requirements (Form PCT/DO/EO/905 mailed February 28, 2002) and has noticed an incorrect Application Number on the first page file identification heading. Although this is an error on Applicant's part, Applicant believes that sufficient identification of the correct Application Number in remaining pages of the Reply should lead to correlation of the Reply with the correct Application file. Identification of the correct Application Number throughout the Reply has been marked with red ink and highlighted in yellow ink.

Applicant believes that the requirement of the \$130.00 large-entity, late Declaration/Oath filing surcharge has been satisfied. According to Applicant's records, the late Declaration/Oath filing surcharge was previously paid for concurrently with the filing of the new application on **December 28, 2001** (see **Exhibit III**). Moreover, the Notification of Missing Requirements (Form PCT/DO/EO/905 mailed February 28, 2002) confirmed that no additional fees were due in connection with the subject application (see **Exhibit IV**).

Summary and Description of Exhibits Enclosed:

Exhibit I is a copy of the Reply to the Notification of Missing Requirements (Form PCT/DO/EO/905 mailed February 28, 2002).

Exhibit II is a copy of the stamped postcard indicating receipt by the U.S. Patent and Trademark Office of the Reply to the Notification of Missing Requirements (Form PCT/DO/EO/905 mailed February 28, 2002) on April 29, 2002.

Exhibit III is a copy of the International Application (PCT) Transmittal Sheet(s) indicating payment of the large-entity, late Declaration/Oath filing surcharge on December 28, 2001.

Exhibit IV is a copy of the Notification of Missing Requirements (Form PCT/DO/EO/905 mailed February 28, 2002).

Exhibit V is a copy of the front page of the attorney's file jacket of **Application No. 10/019,891**. It is the policy in our office to record all information regarding Office Actions and responses on the front page of the file jacket. As the Petition Examiner will note, a Reply to the Notification of Missing Requirements (Form PCT/DO/EO/905 mailed February 28, 2002) was submitted on April 29, 2002.

Exhibit VI is both a computer generated file report and a printscreen-captured image of the docketing records from the current electronic docketing system used by Harness Dickey & Pierce P.L.C. (Reston Office) containing entries made by our Docketing Personnel of due dates and submissions in response to United States Patent and Trademark Office Actions and communications. It is the policy of our office to docket all due dates and to record filing dates of all responses for Office Actions received from United States Patent and Trademark Office into our docketing system. Evidence of the timely submission of the Reply is highlighted in yellow ink and circled in red ink for your convenience.

In view of the above-described facts, it is readily apparent that the abandonment of the present application was not entirely due to an error on Applicant's part, but moreso to a discrepancy in the records of the United States Patent and Trademark Office for this particular application. Accordingly, this petition is being timely filed for the purpose of petitioning withdrawal of the abandonment in view of the above-stated facts.

In the event that any matters remain at issue in the application, the Examiner is invited to contact the undersigned at (703) 668-8000 in the Northern Virginia area, for the purpose of a telephonic interview.

It is further believed that under 37 C.F.R. § 1.181 no petition fee is necessary in connection with this petition since a response and subsequent letters of correction were timely filed. If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 08-0750 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17; particularly, extension of time fees.

In the event that any matters remain at issue in the application, the Examiner is invited to contact the undersigned at (703) 668-8000 in the Northern Virginia area, to discuss these matters further and in the interest of expediting prosecution.

Respectfully submitted,
